

Feedback Collection form

Use this form to help you track what evidence you are gathering, and from whom, during the preparation phase of your course redesign.

Industry feedback

Industry	What feedback has industry provided about the existing programme? Have they identified gaps?	
	What skills are they looking for in employees?	
	Are there untapped opportunities for student workplace experience?	
	What feedback do employers have about graduates and how well they meet employer needs?	

Learner feedback

Learner	What themes have arisen from previous course evaluations, programme surveys and other student feedback mechanisms?	
	Do students have ideas about how the programme could better meet their needs?	
	What do prospective students want to know?	
	Do students report finding some courses more difficult than others?	

Teacher feedback

Learner	Are there courses where many students struggle currently? Are there certain concepts that seems difficult for students?	
	What are staff perceptions of students' strengths and weaknesses concerning skill acquisition?	
	What ideas do staff have for redesigning courses/programmes?	
	What ideas do staff have for more authentic learning activities?
