

# Learning Activity Template

1	Activity title	Type the name of the activity here.
2	Learning objectives	Type the learning objectives of this activity here.
3	Introduction	<p>Helps students understand why they are doing this activity. How does this activity relate to prior learning (in this course or others) and/or apply to future employment?</p> <p><b>“This activity is important because ...”</b></p>
4	Instructions	<p>These are the detailed instructions for the students. They might include the items such as the following: What tasks students are to do and in what order; what questions they are to keep in mind. If the student is interacting with a resource, name the resource and tell the student what to do with the resource.</p> <p><b>“What to do now:</b></p>
5	Resource list	List the resource(s) required by students to complete this task/assignment. List the resource title and the part of the resource needed. Provide a link to the resource.
6	Wrap-up	<p>Now that the student has completed the activity, help them understand what to do next. For example, you might provide instructions about what would you like them to consider or reflect on.</p> <p><b>“What to do next”</b></p>
7	Evaluation guidelines	This is where you provide students with criteria for evaluating their work, if applicable. Rubrics and exemplars may be used.
